[12:52:26] **Customer (customer)**

hey

[12:52:26] **Bot Agent**

Hi, I'm IC AI Assistant! What's your name?

[12:53:02] **Customer (customer)**

I want to know about password reset process

[12:53:03] **Bot Agent**

You can reset it right from the Client Area login page using the "Forgot password" option — we'll send a temporary password to your registered email. By the way, who do I have the pleasure of chatting with?

[12:53:32] **Customer (customer)**

Ali this side

[12:53:32] **Bot Agent**

Nice to meet you, Ali! Could you let me know if you're having trouble receiving the reset email, or if it's something else about the password reset process?

[12:53:59] **Customer (customer)**

my email is a.sorathiya@ic.com I want to check my balance

[12:54:00] **Bot Agent**

Got it, Ali — checking account balance needs secure access, so I'll bring in a member of our support team to help with that shortly.

[12:54:10] System: Handoff summary: Ali initially asked about the password reset process and was given self-service instructions via the Client Area "Forgot password" option. He then provided his email (a.sorathiya@ic.com) and asked to check his account balance, which requires secure access verification that the AI cannot provide, so the conversation is being handed off to a human agent to assist with the balance inquiry.

[12:54:11] System: Conversation automatically assigned

[12:55:40] **Customer (customer)**

thank you , also can you tell me about minimum deposit?

[12:57:09] **SupervisorNote**

try to help customer
